| Part-No. | Colour                 | Material            | Dimension | Price |
|----------|------------------------|---------------------|-----------|-------|
| 050TB    | white - open laterally | NBR/PTFE            | DN15      |       |
| 075TB    | white - open laterally | NBR/PTFE            | DN20      |       |
| 100TB    | white - open laterally | NBR/PTFE            | DN25      |       |
| 125TB    | white - open laterally | NBR/PTFE            | DN32      |       |
| 150TB    | white - open laterally | NBR/PTFE            | DN40      |       |
| 200TB    | white - open laterally | NBR/PTFE            | DN50      |       |
| 250TB    | white - open laterally | NBR/PTFE            | DN65      |       |
| 300TB    | white - open laterally | NBR/PTFE            | DN80      |       |
| 400TB    | white - open laterally | NBR/PTFE            | DN100     |       |
| 050TV    | white - open laterally | FKM/PTFE            | DN15      |       |
| 075TV    | white - open laterally | FKM/PTFE            | DN20      |       |
| 100TV    | white - open laterally | FKM/PTFE            | DN25      |       |
| 125TV    | white - open laterally | FKM/PTFE            | DN32      |       |
| 150TV    | white - open laterally | FKM/PTFE            | DN40      |       |
| 200TV    | white - open laterally | FKM/PTFE            | DN50      |       |
| 250TV    | white - open laterally | FKM/PTFE            | DN65      |       |
| 300TV    | white - open laterally | FKM/PTFE            | DN80      |       |
| 400TV    | white - open laterally | FKM/PTFE            | DN100     |       |
| 050TE    | white - open laterally | EPDM/PTFE           | DN15      |       |
| 075TE    | white - open laterally | EPDM/PTFE           | DN20      |       |
| 100TE    | white - open laterally | EPDM/PTFE           | DN25      |       |
| 125TE    | white - open laterally | EPDM/PTFE           | DN32      |       |
| 150TE    | white - open laterally | EPDM/PTFE           | DN40      |       |
| 200TE    | white - open laterally | EPDM/PTFE           | DN50      |       |
| 250TE    | white - open laterally | EPDM/PTFE           | DN65      |       |
| 300TE    | white - open laterally | EPDM/PTFE           | DN80      |       |
| 400TE    | white - open laterally | EPDM/PTFE           | DN100     |       |
| 050FEP   | red - sheathed         | FEP (Silicone core) | DN15      |       |
| 075FEP   | red - sheathed         | FEP (Silicone core) | DN20      |       |
| 100FEP   | red - sheathed         | FEP (Silicone core) | DN25      |       |
| 125FEP   | red - sheathed         | FEP (Silicone core) | DN32      |       |
| 150FEP   | red - sheathed         | FEP (Silicone core) | DN40      |       |
| 200FEP   | red - sheathed         | FEP (Silicone core) | DN50      |       |
| 300FEP   | red - sheathed         | FEP (Silicone core) | DN80      |       |
| 400FEP   | red - sheathed         | FEP (Silicone core) | DN100     |       |
